From acclaimed director Kunihiko Yunyama (SLAYERS GREAT, KIMAGURE ORANGE ROAD) comes WEATHER REPORT GIRL, the story of one woman's surprisingly steamy approach to the late-night news!

Channel ATV is in serious trouble. With viewer ratings at an all-time low, they've got to come up with an amazing gimmick, and fast, or else their sponsors are going to cut their funding! But a whirlwind is headed for ATV in the form of one Keiko Nakadai – a substitute weather girl for the prime-time news. In one quick flash of her panties, the ratings are sky-rocketing! Thanks to the public's overwhelming support of Keiko's brazen tactics (not to mention her gorgeous body), she's finally secured the bright and sunny future she's always wanted.

However, there's a dangerous storm brewing on the horizon. Michiko Kawai, ATV's former prime-time weather girl, is furious that Keiko has stolen her job, and she'll stop at nothing to get it back! But poor Michiko may have bitten off more than she can chew because Keiko's soft exterior hides a nasty vicious streak, and she's not about to give up her dream job so easily. Japan's airwaves are about to get a whole lot hotter this year!

Bonus DVD content includes:

Art Gallery, Right Stuf Trailers, English and Japanese 2.0 Dolby Audio, English Subtitles for On-Screen Text, Regular English Subtitles
